General Information

History

The General Assembly of the State of South Carolina authorized the establishment of Denmark Technical College in 1947 and the College began operation on March 1, 1948, as the Denmark Branch of the South Carolina Trade School System. At its inception, the institution functioned under the authority of the South Carolina Department of Education and was mandated to educate black citizens in various trades.

In 1969, the control of Denmark Area Trade School (Denmark Technical College) was transferred to the South Carolina Advisory Committee for Technical Training which acted under the supervision of the State Board for Technical and Comprehensive Education. During the same year, the name of the College was changed to Denmark Technical Education Center. In 1979, the institution was accredited by the Southern Association of Colleges and Schools and assumed its present designation as Denmark Technical College. Since 1948, the College has experienced significant growth and now takes pride in the fact that it has become a comprehensive two-year college which offers a broad range of programs and services. Enrollment Management

Admission

Denmark Technical College follows an "open door" policy and imposes reasonable standards for admission to the institution. However, the criteria for entry into individual programs vary. All new students, both freshmen and transfer students, must submit an application to be admitted to a program of study by the Admissions Office.

Admission to a specific program requires that the applicant has appropriate educational preparation, satisfactory placement test scores, and all admission requirements completed. Students having academic deficiencies will be required to enroll in the Transitional Studies Program. This is determined by the American College Testing Program's ASSET/COMPASS examination, which is administered to all students. Educational programs have minimum test score requirements.

These requirements, and any others necessary for entrance to a specific program of study, are stated in each program of study.

Admission Requirements

Applicants for admission to the College must be 18 years of age or older. A high school diploma or GED certificate, though desired, is not a prerequisite for college admission but may be required for specific program admission. Under certain circumstances, an applicant under the age of 18 who has not graduated from high school may be considered for enrollment through special arrangements between the College and the principal of the school where the applicant has been, or is enrolled. In order for a student who does not have a high school diploma to receive Title IV funds, they must meet the College's policy and procedures for equivalency of a high school diploma.

Admission Process

- Step 1:** Complete and submit an application form online at www.denmarktech.edu or mail the completed form and application fee of \$10.00 (payable by cashier's check or money order) to: The Admission Office, Denmark Technical College, 1126 Solomon Blatt Blvd. P.O. Box 327, Denmark, SC 29042. The application must be filled out carefully and completely.
- Step 2:** Before you can register for courses at Denmark Technical College, you must take the Placement Test (ASSET/COMPASS). If you have already taken the Placement Test, through your high school, request a copy to be sent to the Admissions Office. Please be advised that scores three years or older will not be accepted. SAT or ACT scores may be presented in lieu of college Placement Test.
- Step 3:** The applicant for a specific program may be required to request an official copy of his or her high school transcript be sent to the Admissions Office. Applicants who possess a GED should submit official GED scores. As of July 1, 2012 an applicant may self-certify on the FAFSA that he has received a high school diploma or GED or other equivalency. Self-certification ends June

30, 2013. If you have attended other colleges, please

request that an official transcript from each college be sent to the Admissions Office.

Step 4: Students will receive notification of acceptance by the Admissions Office.

Admission to a Specific Academic Program

Students must meet the Denmark Technical College admission requirements in order to gain program admission. See curriculum display sheets in the Academic Program section for specific Information.

Residency Requirements

I. Policy

In compliance with the laws of South Carolina, out-of-state fees must be paid by any student who has not been domiciled for a period of twelve months prior to enrolling at Denmark Technical College with an intention of making a permanent home here.

The word "domicile" means a "person's true, fixed, principal residence and place of habitation; it indicates the place where such a person intends to remain, and where such a person expects to return upon leaving without establishing a new domicile in another state." A person may have only one legal domicile and is presumed to abandon automatically an old domicile upon establishing a new one. Housing at State Institutions shall be presumed not to be a place of principal residence, as residency in such housing is, by nature, temporary.

An "independent person" for residency purposes, shall mean a person who is at least 18 years of age, whose predominant source of income is his or her own earnings of from employment, investments, or payments from trusts, grants, scholarships, loans, or payments of alimony or separate maintenance made pursuant to court order.

A "dependent person" for residency purposes, shall mean one whose financial support is provided not through his own earnings or entitlements, but whose pre-dominant source of income or support is payments from a parent, spouse, or guardian and who qualifies as a dependent on the federal tax return of the parent, spouse or guardian. A "minor" shall mean a person who has not attained the age of 18 years.

II. Factors in Making a Determination of Residency

- A. Persons domiciled in South Carolina for a period of at least 12 months for reasons of permanent employment with an intention of making a permanent home therein, and their dependents, may be considered eligible for in-state rates.
- B. Independent persons who reside in and have been domiciled in South Carolina for fewer than twelve months but who have full-time employment in the state, and their dependents, may be considered eligible for in-state rates.
- C. The residence and domicile of a dependent minor shall be presumed to be that of the parent of such dependent minor.

Enrollment Management

III. Changes in Residency

- A. A student shall not become eligible for in-state rates until the beginning of the next academic session after expiration of 12 months from date of domicile in this state.
- B. Loss of eligibility for in-state rates shall end on the last day of the academic session in which the loss occurs.
- C. Marriage to a South Carolina resident does not automatically make a student eligible for in-state rates. If at least 18 years of age, a married person may establish residency exclusive of the spouse's status.
- D. Becoming a full-time employee of a company or Industry based in the state may make a student eligible for in-state rates even though the residency requirement of 12 months has not been met.
- E. Military personnel and their dependents may be considered eligible for in-state rates during the period of their assignment to duty in South Carolina.
- F. Full-time faculty and administrative employees of South Carolina state college and their dependents are always eligible for in-state rates regardless of their place of residence.
- G. Foreign students are presumed not to be in-state residents. They may qualify for in-state rates depending on the types of visas they possess or if they are the dependents of persons who have previously established residency.

IV. Penalties for Willful Misrepresentation

Persons who gain domiciliary status improperly by making or presenting willful misrepresentations of facts shall be charged fees past due and unpaid at the out-of-state rate, plus interest at a rate of eight percent per annum, plus a penalty amounting to twenty-five percent of the out-of-state rate for one semester. Until these charges have been paid, no such student shall be allowed to receive transcripts or graduate from any state institution.

V. Proof of Eligibility for In-State Tuition

Positive steps which reflect an intent to make South Carolina a permanent residence are vital in determining eligibility. All documentation requested by the Dean of Student Services must be furnished prior to making a determination for in-state rates or the student will automatically be required to pay out-of-state rates.

Acceptable legal documents include the following:

- 1. A driver's license
- 2. A vehicle registration certificate
- 3. A voter registration certificate
- 4. Copies of recent state income tax returns
- 5. Letters from employers indicating full-time status as an employee, date of employment, employment status as of present date, and home address on company rolls
- 6. Receipts for housing

Enrollment of Senior Citizens

Persons 60 years old or over who are legal residents of South Carolina may enroll in courses free of charge on a space- available basis provided that neither they nor their

spouse receive compensation from any type of employment. Such persons must follow standard admissions procedures, meet all course prerequisites as stated in the catalog, and complete a Senior Citizen Exemption Waiver Verification Form.

Registration will take place during regular registration periods, but will not be finalized until the last day of late registration to assure available space. In the event space is limited, senior citizens may pay the full tuition to reserve a place in the class.

International Students

All international students who desire a student visa or who are transferring from another college on a student visa must complete the following requirements in addition to the admissions procedures for new students.

- 1. Complete an Application for Admission Form at least three months prior to admission. Submit the \$10 non-refundable application fee.
- 2. Furnish official English translations of secondary and post-secondary records and transcripts showing passing scores on native secondary school exams and completion of secondary school education.

- 4. Meet individual college program requirements on the College Placement Test (ASSET or COMPASS).
- 5. Persons transferring from another college in the United States must initiate Form I-538 to be completed by the last college attended and must submit an official transcript and a letter of recommendation from the foreign student's advisor at that college.
- 6. Submit a certified financial statement from a recognized financial institution (i.e., governmental agency or bank), indicating the applicant will have sufficient funds to meet academic and living expenses and funds to return home.
- 7. Provide proof of health insurance coverage for one year from the date he/she will commence enrollment.
- 8. Pay an advance deposit of tuition for one academic year.

When all requirements are met, the College will provide a completed Immigration Form I-20 and an acceptance letter.

Transfer Students

Denmark Technical College will accept and give credit for work completed at other accredited colleges and universities. Applicants seeking such credits should complete the regular application form and request an official transcript of work from all colleges previously attended. If fewer than 15 hours have been earned on the collegiate level, a completed high school transcript may be requested for specific programs.

The rules regulating the transfer of credit will be at the discretion of the Vice President of Academic Affairs and Student Services and the appropriate Divisional Dean using the following

Enrollment Management

guidelines:

Applying for Re-Admission

Former Denmark Technical College students who were not enrolled for the preceding academic term (excluding summer term) and who wish to re-enroll, must first complete a readmission application. Forms are available in the Admissions Office. Students who have attended another college during the interim should request the college to send an official transcript of all academic work. Applicants for re-admission are subject to established assessment and placement guidelines to ensure appropriate course placement and to promote student success. A student completing one program may apply for admission to another program by following the

general admission procedures. Credits for parallel courses will be granted accordingly.

The college reserves the right to refuse admission to any student who has an unacceptable academic, conduct, or health record. Persons who have any financial obligation to the College must resolve these obligations before they will be allowed to register for classes.

Transient Students

Students enrolled at other colleges who wish to take courses at Denmark Technical College, may do so by following the admissions procedures. Written documentation of course approval from the primary college should be on file to assure transfer of the course work. It is the student’s responsibility to determine the applicability of the transfer of courses through contact with the primary college.

Dual Enrollment Students

Upon the written approval of their principal, qualified high school juniors and seniors maybe granted early admission to the College on a space available basis.

Requirements for dual enrollment admission are the same as for the admission of new students. Upon graduation, the student may apply for admission as a regular student in a degree, diploma or certificate-granting curriculum.

In order for a high school student to be granted dual enrollment admission, he or she must:

1. Be a high school junior or senior.
2. Submit written permission from the high school principal. This permission must indicate that the student is in good standing with the high school.
3. Have demonstrated sufficient academic preparation for college work.

If upon graduation from high school, the student enrolls at Denmark Technical College; all credits earned will be applicable toward the appropriate degree, diploma or certificate.

If enrolling at another post-secondary institution, students may have their credits transferred, pending acceptance by the other institution.

Academic Forgiveness

Denmark Technical College will extend academic forgiveness to readmitted students with previously poor academic records who have not been in attendance for a minimum of seven years. This will allow students to have grades earned in previous academic terms excluded from the overall calculations of their cumulative grade point average. These students must petition the college for Academic Forgiveness. If a petition is granted, all courses taken at Denmark Technical College, attempted and completed prior to the seven year limitation, will be eliminated from computations and grade point averages. This includes courses

Enrollment Management

that were completed with satisfactory grades. However, the courses will remain on the student's transcript.

A student may petition for Academic Forgiveness only once. Procedures for pursuing Academic Forgiveness are as follows:

1. Submit a Re-admission Application.
2. Complete an Academic Forgiveness Form.
3. Submit a letter explaining the reason(s) why Academic Forgiveness should be considered. Your letter should be addressed to the Academic Appeals Committee.
4. The committee will determine if the petition for Academic Forgiveness is approved.
The appeal should be submitted 20 days prior to the semester of enrollment. Once the appeal has been granted for Academic Forgiveness, the student must meet all program admission requirements at the time of enrollment to Denmark Technical College.
A copy of the Academic Forgiveness Form will be maintained in the Office of Admissions and Records. This local policy does not override the State or Federal policies related to determination of scholarships or Financial Aid.

The Student Orientation Program is held on weekends during the summer. It encompasses activities designed to help new students and parents make harmonious and satisfactory adjustments to college life. These activities are held on weekends preceding the registration period with parents in attendance. The session concludes with preparation for registration and payment of fees. Student Orientation sessions

Career Planning and Placement

Career Planning is a developmental process subsequently leading to a successful job search and placement. As part of the education experience, placement services are available during the entire period of a student's academic involvement and after graduation, if needed. Optimum placement of the student in employment or higher education is the prime objective of the career-planning process.

The Career Center offers self-awareness development which involves sharing of information and examination of values, interests, and aptitudes as these relate to career planning. The Center provides assistance with career exploration through in-depth investigation of selected careers. Decision-making involves clarifying goals, processing information, projecting for the future, and arriving at sound vocational decisions. Career planning and placement includes examination of education and training, job-seeking skills, and life-work planning. Portfolios are facilitated and available to be forwarded to prospective employers.

Students are provided an opportunity to evaluate their career choices through the services provided in the Career Center. In addition, students may elect to include Experiential Education in their academic programs. Experiential Education may include internships, part-time and summer work, and cooperative programs.

4. Complete a Health & Physical Form (with proof of required immunizations)

*All students residing in on-campus housing **must** complete a Health and Physical Form with updated required immunization records. This form **must** be signed by a physician.

Required Immunizations:

1. Proof of Measles, Mumps, & Rubella (MMR) Administration

All students born after 1957 must provide a statement of immunization against Measles, Mumps and Rubella (MMR), giving the month and year of immunization. A statement of an up to date is not sufficient. If a student is unable to provide dates of immunization to Measles, Mumps and Rubella, he or she may document immunity by blood test at the student's expense. If this testing shows no immunity to Measles, Mumps, or Rubella, the student may register following documentation of the first dose of MMR, with the second to follow in 30 days, if required.

2. Proof of Tuberculin Skin Test (PPD) Administration

Tuberculosis screening (within the past year, 12 months) is required of all new students. Students at risk for TB will be required to have a PPD skin test (Mantoux). Any student with a positive skin test will be required to provide a report of a

normal (negative) chest x-ray (done after the positive PPD). The negative report must be documented within six (6) months prior to residing on campus. A physician should evaluate individuals with a positive tuberculosis skin test.

3. Proof of Tetanus Toxoid Booster Administration within the last ten (10) years.

Strongly Recommended Immunizations:

Exemptions from compliance with the immunization policy include:

1. Religious exemption, written on letterhead stationery, signed by a religious official and notarized.
2. Medical exemption, written on office stationery, and signed by a health care provider. The letter should state the reason for the exemption, and whether the exemption is permanent or temporary.

Do not assume that childhood immunizations are adequate; requirements have changed during the past several years. Medical facilities in the U.S. and in other countries are required to keep records of vaccinations. Additional sources of immunization information include doctors' offices, health departments, and schools. Students should make copies of the completed health form for their own files, and then mail the original forms. Do not rely on health care providers, family members, or other colleges to mail the forms.

Some academic programs have additional immunization requirements. Students are advised to check with their desired program of study for any additional requirements.

Contact The Office of Health Services at 803.793.5224 for questions or concerns.

5. Payment of Room and Board Fees

***All room and board fees must be paid prior to a room assignment being issued.** If you are applying

Campus Sexual Assault Procedure

Sexual assault is a violent act of aggression. Studies show that at least 25% of female college students are victims of rape or attempted rape and 84% know their attacker. Victims of sexual assault are urged to report the crime. Persons who commit this crime are known to repeat the act and cannot be caught or stopped without the victim's assistance. The following applies to all members of the Denmark Technical College community: students, faculty, administrators, staff, contract employees and visitors.

Denmark Technical College is committed to providing an institutional environment where all persons may pursue their studies, careers, duties and activities in an atmosphere free of all threat of unwelcome and unwanted sexual actions. It strongly condemns sexual offenses and will not tolerate sexual offenders and supports those who have been victimized.

Denmark Technical College urges all students and personnel to exercise sound judgment when moving about the campus. Dormitory students are informed during student orientation to lock their doors and windows at all times. They should let someone know where they are going and should not walk alone, particularly at night.

If a sexual assault occurs on campus, the Campus Police should be notified immediately. If the responding officer is not a female, a female officer or female authority figure will be summoned. The main objectives are to get medical assistance for the victim and preserve the crime scene. The College Nurse, the President, the Dean of Student Services and Academic Support and the Chief of Public Safety should be notified immediately. Every effort will be made by College personnel to handle sexual assault with the utmost discretion.

Sexual assault is committed against a person's will, as well as evidenced by refusal of consent or the use of force, threat or intimidation, or against a person who by virtue of mental incapacity or physical helplessness, is unable to give or withhold consent. This includes, but is not limited to, incapacity or helplessness caused by alcohol or other drugs. Intoxication of the assailant shall not diminish the assailant's responsibility for sexual assault.

If sexual assault occurs off-campus, the police officers from the proper jurisdiction should be notified immediately. Emergency Medical Services should be notified. In order to have the evidence needed for investigation, the victim should avoid douching, showering, changing clothes, brushing teeth, drinking or disturbing the crime scene in any way.

The College will respond promptly, fairly and decisively to all reports of sexual assault. Members of the College community accused of these actions will be subject to college disciplinary procedures when the alleged incident has occurred on campus or when the action has occurred off campus and materially affects the learning environment or operations of the College.

Campus Police

Sexual assaults are serious violations of the College's student code, faculty standards and College employee policies. They are crimes under state law and are punishable by fines and/or imprisonment. In addition, these actions are subject to civil suit for damages.

Denmark Technical College makes assistance available to those who have been affected by sexual assault through the Office of the Executive Dean of Student Services and the Office of Public Safety

Residential Life

Residential Life

Denmark Technical College is the only technical college in the state system that maintains college operated residential facilities for full-time students. Students must be actively enrolled for at least 12 credit hours (9 hours in the summer) in order to reside in the dorm. If at any point during the semester the student's course load drops below the 12 credit hours (9 hours in the summer) he or she must move out of the dormitory.

An application is necessary to ensure a room in a residential center. The initial application for housing is made when the student is accepted to the College.

The room reservation fee is \$25. The arrangements for housing are made by the Residential Life Office. The Residence Agreement contract must be signed by the student (or parent if the student is under 18 years of age) and a Residential Life official to ensure a room in the residence hall. (See Refund Policy in the Fees and Financial Aid Section)

Breakage Fee

Purpose: To establish procedures whereby students at Denmark Technical College may receive timely adjustments to their accounts and to promote operational effectiveness, the guidelines listed below have been developed.

General Guidelines: A breakage fee will be assessed to the account of each student who resides on campus at the beginning of each academic term during the registration process. The breakage account will be reconciled by the Office of Fiscal Affairs at the close of each academic term based on "Fee Assessment Forms for Dorm Damages" received from the Office of Housing and Residential Life and verified by the Dean of Student Services and Academic Support. Students who do not have breakage damages in excess of the breakage deposit, will receive a full refund. Students who have breakage damages less than the breakage deposit will receive appropriate refund equaling the deposit. And, if students have breakage damages in excess of the breakage deposit, the account will be charged for said amount due.

Procedures:

1. The student must be accepted to the college, have submitted a housing application with a (nonrefundable) housing deposit of \$25.00, and have received a financial aid award, if applicable.
2. Once the \$25.00 housing deposit has been received, the "Student Housing Contract Agreement" is mailed to the student with "Parent Consent Form for Sign-in/Sing-out." Upon receipt of the contract form, the student must sign and return these documents to the Office of Residential Services with a \$50.00 deposit for breakage.
3. The housing assignment is mailed after contract is received back in the Office of Residential Life.
4. During the dormitory check-in process, a "Residential Hall Agreement" form is completed by the Dormitory Supervisor with the student indicating the condition of the room upon entrance. This form is signed by the student, Dormitory Supervisor, and parent, if available.
5. The \$50.00 breakage fee is credited to the account of each student that resides on campus at the beginning of each academic term during the registration process.
6. At the close of each term during the dormitory check-out process, the Dormitory Supervisor along with the student re-evaluates the condition of the room. If there are breakage damages in excess of the breakage deposit, the student is to complete the "Fee Assessment Form for Dorm Damages" for submittal to the Executive Dean of Student Services.
7. The Executive Dean verifies the charges assessed by the Dormitory Supervisor and submits forms to the Office of Fiscal Affairs.
8. The Office of Fiscal Affairs reconciles each student's breakage account at the close of each academic term and students are notified of breakage charges assessed. Refund checks are distributed by the Business Office, when applicable.

The penalty for having a member of the opposite sex in any area beyond the lobby is suspension for one semester following by non-academic probation for one semester and ineligibility to reside on campus.

Residential Life

*Denmark Technical College expressly prohibits the presence of infants, or any other persons who are not officially registered as student residents in the dormitories for any extended period of time. While visitors are permitted, their visitation may not exceed a period of 48 hours. The violation of these provisions may result in an immediate termination of the student resident contract.

16. **CLEANLINESS** – Occupants of residence halls are required to keep their rooms clean and tidy. Dirty and untidy rooms create a health and safety hazard. Failure to adhere to this rule will result in cancellation of the housing contract and fines.
17. **SMOKE-FREE ENVIRONMENT** - Smoking is prohibited in the residence halls in compliance with South Carolina guide lines for state buildings. Students who do not have a breakage fee will receive a full refund. Students who have breakage damages less than the breakage deposit, will receive an appropriate refund equaling the deposit. If students have breakage damages in excess of the breakage deposit, their account will be charged for the amount due.

Alcohol/Drugs Policy

It is the policy of the South Carolina Technical College System to provide a drug-free, healthful, safe and secure work and educational environment. Employees and students are required and expected to report to their work, class or student activities in appropriate mental and physical condition to meet the requirements and expectations of their respective roles.

The South Carolina Technical College System prohibits the unlawful manufacture, distribution, dispensation, possession or use of narcotics, drugs, other controlled substances or alcohol at the workplace and in the educational setting. Unlawful for these purposes means in violation of federal/state/local regulations, policy, procedures, rules and legal statutes.

Workplace means either on agency premises or while conducting agency business away from the agency premises. Educational setting includes both institutional premises or in approved educational sites off campus.

In order to prevent the consequences of alcohol and/or drug abuse at the workplace and in the educational setting, the South Carolina Technical College System has implemented this policy to ensure a drug-free work and educational environment.

The South Carolina Technical College System recognizes that chemical dependency through the use of controlled or uncontrolled substances, including alcohol, is a treatable illness. The agency supports and recommends employee and student rehabilitation and assistance programs, and encourages employees and students to use such programs.

All locations will also implement drug-free awareness programs for employees and students. Such programs will annually ensure employees and students are aware that:

1. Alcohol and other drugs at the workplace and in the educational setting are dangerous because they lead to physical impairment, loss of judgment, safety violations and the risk of injury, poor health or even death. Information concerning health risks and effects of controlled substances and alcohol will be provided to students and employees.
2. Alcohol and other drug abuse can also significantly lower performance on the job and in the classroom, thus impacting on the agency and the College Mission, as well as seriously affecting the student's educational and career goals.
3. Employees must report any personal conviction under a criminal drug statute for conduct at the workplace to their personnel officer within five days.
4. It is a condition of employment and admission that all employees and students must abide by the policy on alcohol and other drug use and related procedures/statements/laws/ guidelines. Violation of any provisions may result in disciplinary action up to and including termination or expulsion respectively, and may have further legal consequences consistent with federal and state laws and regulations. Additionally, management may require an employee or student to enter an employee/student assistance or drug rehabilitation program as a condition of employment or enrollment.
5. Use of employee assistance programs (EAP), student assistance programs, (SAP), or drug/alcohol rehabilitation services is encouraged.

PLEASE NOTE: Denmark Technical College expressly prohibits the possession of alcohol and drugs; firearms or other dangerous weapons; and fighting (on campus and/or off campus). The penalty for violation of this regulation is suspension and/or expulsion from the College.

Curfew Policy

The back gate to the College will close at 9:00 p.m. and the doors to Residential Centers will close at 12:00 a.m., Sunday through Thursday, and 1:00 a.m. Fridays and Saturdays. Lobbies will close to visitors at 11:00 p.m. daily.

Students who violate curfew will be given a letter of warning. A second letter of warning will require a conference with the Executive Dean of Student Services and/or a Counseling Services designee. A third violation will result in the student having to move off campus.

When the Residential Centers are closed, students are required to be in the building. There should be no loitering on "the yard" after curfew. Provisions for the students who work beyond curfew hours can always be made with the Residential Centers Directors and Public Safety. Failure to make such arrangements will result in the denial of any consideration beyond what is stated.

Residential Life

Campus Leave Policy

Students who leave campus at any time (including overnight) are required to sign out. This is for the mutual protection of the student and the institution.

Noise Code Policy

No radio, stereos, or tape decks should be placed in windows or played openly on campus. Radios should be played at a level maintained in the room. Radios, stereos, or tape decks played loudly and heard outside rooms and windows will be confiscated and held until the end of the semester in a secured room in the Student Services area.

Consideration of others is requested when playing stereos, radios, and/or tape decks.

It is a violation of the institution's noise code to point speakers out of the window or door. Violators will be disciplined and musical equipment confiscated.

Vandalism Policy

Anyone who willfully damages, destroys, or changes in any manner the property of another, in this a fellow student, faculty, staff, property of Denmark Technical College and/or company vendors (i.e., Coke machine) is in violation of state law. State, county, and municipal laws, rules, and regulations for the protection and security of persons and/or property at Denmark Technical College will be strictly enforced.

Students who violates S.C. Code of Law 16-11-520 (a misdemeanor) will be prosecuted according to law. (Malicious injury to real property) damage not less than \$200 (Magistrate Court Bond \$237), more than \$200 (General Sessions Court) and immediate suspension from the college.

Drug Testing Policy

It is the policy of Denmark Technical College to provide a drug free, healthful, safe and secure education and work environment for its students. Students are required and expected to report to class in an appropriate mental and physical condition to meet the requirements and expectations of their classes.

Anyone who displays physical impairment and/or behavior abnormalities of such an aggressive nature that College Administrators feel there is 'probable or reasonable cause' that the individual may disturb the educational environment and/or cause bodily harm to the welfare of others will be subject to a drug test.

Violation of any provisions found in the testing may result in disciplinary action up to and including expulsion, and may have further legal consequences consistent with federal and state laws and regulations.

Student Code

STUDENT CODE AND GRIEVANCE PROCEDURE

General Provisions

I. Principles

Technical college students are members of both the Community at large and the academic community. As members of the academic community, students are subject to the obligations that accrue to them by virtue of this membership. As members of the larger community of which the College is a part, students are entitled to all rights and protection accorded them by the laws of that community. By the same token, students are also subject to all laws; the enforcement of which is the responsibility of duly constituted authorities. When students violate laws, they may incur penalties prescribed by legal authorities. In such instance, college discipline will be initiated only when the presence of the student on campus will disrupt the educational process of the College. However, when a student's violation of the law also adversely affects the College's pursuit of its recognized educational objectives, the College may enforce its own regulations. When students violate College regulations, they are subject to disciplinary action by the College whether or not their conduct violates the law. If a student's behavior simultaneously violates both college regulations and the law, the College may take disciplinary action independent of that taken by legal authorities. The Student Code and Grievance Procedure for Denmark Technical College sets forth the rights and responsibilities of the individual student.

In the event of illegal or disruptive activity on the College campus, the Executive Dean of Student Services and Academic Support or other administrative officer will request those involved either to leave the campus or abide by the regulations governing the uses of, or presence on the campus. The Executive Dean of Student Services and Academic Support or other official will further announce that failure to disperse will result in Enforcement of Section 16-17-420 of the South Carolina Code of Laws pertaining to illegal or disruptive activity on a college campus. According to South Carolina law, "It shall be unlawful for any person willfully or unnecessarily (a) to interfere with or disturb in any way or in any place the students or teachers of any school or college in this state, (b) to enter upon any such school or school premises, (c) to loiter around the premises, except on business, without the permission of the principal or president in charge, or, (d) to act in an obnoxious manner thereon." Payment to the College may be made in the form of a cashier's check or money order, made payable to Denmark Technical College. If mailing payments in advance, mail to: Denmark Technical College, Attn: Business Office, P.O. Box 327, Denmark, SC 29042-0327.

Debts Owed to the College

Students will not be permitted to graduate, receive transcripts or re-enroll in any programs until all debts incurred at the College have been paid in full.

Vehicle Registration

Each student is required to have a current parking permit properly displayed on any vehicle driven and/or parked on campus. Permits will be valid from September to August each year. (This applies to all full-time, part-time, and Continuing Education students.) Any student who loses his/her permit or trades automobiles may apply for a new permit. The student shall apply for the new permit in the Public Safety Office. The parking permit is free.

ID Cards

Student identification cards are issued during registration. New ID cards are issued at the beginning of each academic term. There is a \$15 fee for lost cards. ID cards are required

for all students and must be presented when requested by College personnel.

Student Insurance

This coverage insures students while on the premises of the College, at College-sponsored activities, College-sponsored trips, and while en route between home and College. Student insurance is furnished at the time of registration for all full-time students attending Denmark Technical College. The cost of this insurance is included in the semester fee and is optional to part-time students for a minimum fee.

Emergency services will be rendered at the Denmark Medical Center during office hours and at the Bamberg Memorial Hospital after office hours. Students who are to be hospitalized will be admitted to the Bamberg County Memorial Hospital, Bamberg, SC, or referred to their family physician.

Late Registration

Any student registering after scheduled registration days must pay a \$60 late fee.

Refund Policy (R2T4 Calculations)

It is the policy of Denmark Technical College to refund tuition, and fees, to students who officially leave the college, depending on the last date of attendance. For students who are receiving financial aid, regardless of the source, the Financial Aid Office will adjust aid based on the recalculation completed by the Business Office to determine the percentage of earned aid for students who withdraw, are dismissed, or take a leave of absence prior to completing 60% of the semester. If a student owes a balance to the College, he or she will be notified by the Business Office. A copy of the official recalculation is available in the Business Office.

A refund check will be generated for accounts that have a credit balance after application of all financial aid. However, withdrawal or changes in enrollment status may affect the Refund Check. Refunds are issued within a 14-day period disbursement.

Students will be refunded 100% of tuition and fees if the classes they are enrolled in are cancelled by the college.

Students who never attend class will be considered to have constructively withdrawn before the start of term.

A student who withdraws or otherwise ceases attendance has lost SFA eligibility and generally may not be paid further funds for the enrollment period. However, in some cases, a late disbursement may be made. This determination must be made on a case by case basis according to Title IV Student Financial Assistance Guidelines.

The College will disburse refunds twice during the Semester. Refunds will be given to students during week thirteen and week sixteen of the Fall and Spring semesters. The Summer term will issue refunds during week four and week six.

Refunds to Veterans, Non-Degree – Refunds to veterans and/or orphans of veterans will be made subject to the

Fees and Student Aid

limitations set in VA Regulation 12204.1. The College agrees to furnish each Public Law 500 Veteran and/or orphan a copy of the refund policy upon request.

Requesting a Refund After Overpayment -- If a student anticipates a refund due to an overpayment, the student should check with the Cashier. All refunds will be processed and payable by check within 14 days after the account has been reconciled.

Financial Aid

Students who have satisfactory academic records and are in need of aid may qualify for financial assistance. Although the primary responsibility for financing an education remains with students and their families, Denmark Technical College participates in several programs designed to supplement the family contribution in order to meet the financial need of the student. Financial aid may consist of grants, loans, scholarships, employment opportunities, and/or any combination of these as determined by the policies of the Financial Aid Office.

Philosophy

1. The primary purpose of financial aid is to provide financial assistance to students who need additional resources to pursue their educational and career goals and objectives.
2. Financial assistance may be offered in the form of grants, loans, employment, scholarships and/or any combination of resources listed.
3. Determination of the student's eligibility to continue receiving financial assistance is based upon the student's ability to make "satisfactory progress" according to the College's Financial Aid Standards of Satisfactory Academic Progress (SAP).
4. The Financial Aid Office reserves the right to review and cancel awards at any time because of change in the student's financial or academic status.

The Major Federal Aid Programs

Federal Pell Grant - Pell Grants provide non-repayable funds to eligible applicants and are intended to be the foundation of a combination of awards. These grants may be used for payments of tuition, books and living expenses, but do not to cover the full cost of these items. Students can receive Pell Grants for a maximum of 8 terms to complete their undergraduate education. (A financial aid year includes fall, spring, and summer terms.) Students must graduate in 150% of the time it takes to complete their major. (See a Financial Aid counselor for a detailed explanation).

Federal Supplemental Educational Opportunity Grant (FSEOG) - FSEOG's are awarded to students with exceptional financial need. At Denmark Technical College, FSEOG's are awarded to students who have remaining

eligibility after being considered for a Pell Grant and part-time work.

Federal Stafford Loans - Federal Stafford Loans are low interest loans available to students to help pay expenses related to attending a college or university. Repayment with interest begins six months after the student stops attending college at least half-time. A subsidized loan means that the Federal Government will pay the interest on the loan while you are enrolled in college on at least a half-time basis and during the grace period or, if possible, deferment period. Unsubsidized loans are available if you do not qualify for other types of financial assistance. An unsubsidized loan means that you are responsible for paying all interest on the loan.

Federal PLUS Loans - The Federal Plus Loan Program was established to ease the burden that the cost of post-secondary education places on many families. Federal PLUS loans are available to parents of dependent students who need additional financial assistance or who may not qualify for other types of financial assistance.

Federal Work-Study (FWS) - The Federal Work-Study Program provides part-time employment for eligible undergraduate and graduate students. Most FWS jobs are located on campus, although some community service related jobs are available off-campus. Federal Work-Study students are paid monthly.

SOUTH CAROLINA AID PROGRAMS

South Carolina Need-Based Grant (SNBG) - is designed to provide additional financial aid assistance to South Carolina's neediest students. In order to receive SNBG, you must comply with some requirements:

1. Be a legal resident of the State of South Carolina.
2. Be of good moral character, have no felony convictions or criminal record.
3. Admitted and enrolled at least half-time as an undergraduate student seeking your first undergraduate degree.
4. Make satisfactory academic process as defined by the College catalog.
5. Renewal students must maintain a minimum cumulative grade point average of 2.0 and must complete a minimum of twenty-four credit hours an academic year.

South Carolina LIFE Scholarships provide free tuition to eligible students. For more information, contact the Financial Aid Office at (803) 793-5129.

South Carolina Tuition Assistance (Lottery Funds): Tuition Assistance funds are available to South Carolina residents enrolled in at least 6 credit hours. All applicants must file the Free Federal Student Aid Application. For current

Fees and Student Aid

Fees and Student Aid

the official sanction of the state approving office. Veterans may use their entitlement for vocational preparation or for upgrading purposes. Benefits are not provided for personal enrichment courses. Veterans cannot receive benefits for courses taken out of their program of study according to their curriculum display. When a veteran changes his or her program of study, the Change of Program Form must be signed by the VA coordinator in the Financial Aid Office.

Eligibility

Veterans who entered active duty before January 2, 1978, and who have completed at least 181 days of active duty, having been discharged from the service under any category other than dishonorable, are eligible for benefits, providing the benefits are used within 10 years of the separation date. However, persons who have been prevented from matriculating because of physical or mental illness may request an extension of the delimiting date.

Veterans who entered service after December 31, 1976, may receive benefits via VEAP (Veterans Education Assistance Program). The VA will match the individual's contributions on a two-for-one basis. A veteran who has a service-oriented disability which entitles him/her to VA disability compensation and who is in need of vocational rehabilitation may be eligible for benefits for up to 45 months.

Dependents and survivors (Chapter 35) of veterans who died in service or as a result of service-connected disability may be eligible for educational assistance. Veterans who become permanently and/or totally disabled and who were missing in action or captured for at least 91 days may be eligible for assistance.

A veteran who entered service after June 30, 1985, but before July 1, 1988, or who has had continuous service since December 31, 1976, and is eligible for Chapter 34 benefits as of December 31, 1976, may receive benefits under Chapter 106.

VA Work-Study

VA work-study allows eligible veterans to perform services for the VA in return for monetary allowance equal to the prevailing federal minimum wage. VA work-study payments are non-taxable. Eligible veterans may contract for a maximum of 750 hours of service in a fiscal year, not to exceed 250 hours a quarter. Applications for work-study may be obtained at the Veterans Affairs Office.

Attendance

Veterans are responsible for maintaining satisfactory attendance as outlined in the College's policy. If a veteran's absences exceed 25 percent of the scheduled meetings of a class, his or her training will be reduced accordingly. (No distinction is made between excused and unexcused by

Veterans Regional Office.) Veterans who are students receiving VA educational assistance are required to maintain satisfactory progress according to academic standards of Denmark Technical College as approved by the state approving agency.

Tutorial Assistance

If a tutor is required to assist a veteran in passing a subject, veterans may receive monetary assistance from the Veterans administration to pay a tutor. This program will provide up to \$84 per month over a 12-month period. Tutorial assistance is limited to a maximum of \$1,008 per year.

Eligibility for Aid

Eligibility requirements for each type of aid may vary from year to year. For information on the current eligibility requirements, methods for determining individual student eligibility requirements and calculating award amounts, contact the Financial Aid Office. Specific eligibility requirements are established by the US Education Department for Federally-funded programs; SC Commission on Higher Education for State-funded programs; and local/private sources determine eligibility for their respective programs.

All aid awarded through Denmark Tech is awarded on the basis of financial need and merit. Students that are in default on a student loan or repayment of a grant may not be awarded financial aid, except under certain circumstances. A student's aid package may include grants, scholarships, work-study or loans.

When making aid awards, students demonstrating the greatest unmet financial need are assigned funds first. Because of this, students applying for aid early are most likely to receive assistance with available funds.

Eligibility of Students without a High School Diploma

If you are enrolling in higher education for the first time on or after July 1, 2012, in order to be eligible for federal student aid, you must have either a high school diploma or a recognized equivalent (such as a General Educational Development certificate (GED) or have been home schooled). You will no longer have the option of becoming eligible for federal student aid by passing an approved test or completing at least six credit hours or 225 clock hours of postsecondary education.

Expected Family Contribution

The lower a student's Expected Family Contribution (EFC), the higher the student's federal student aid eligibility. A change has been made to the income amount that is used to determine if a student qualifies for an automatic EFC of zero. When you complete the Free Application for Federal Student Aid (FAFSA), you receive an Expected Family Contribution, which is a number used to determine your

Fees and Student Aid

federal student aid eligibility. For the 2012-13 school year, you will automatically qualify for an Expected Family Contribution of zero if your family income does not exceed \$23,000. This is a reduction from the previous maximum income of \$32,000.

Federal Pell Grant Program — Duration of Eligibility

Once you have received a Pell Grant for 12 semesters, or the equivalent, you will no longer be eligible for additional Pell Grants. You are eligible to receive a Pell Grant for up to 12 semesters or the equivalent. If you have exceeded the 12-semester maximum, you will lose eligibility for additional Pell Grants beginning in 2012-13 school year. Equivalency is calculated by adding together the percentage of your Pell eligibility that you received each year to determine whether the total amount exceeds 600%.

For example, if your maximum Pell Grant award amount for the 2010-2011 school year was \$5,550, but you only receive \$2,775 because you were only enrolled for one semester, you would have used 50% of your maximum award for that year.

If in the following school year, you were enrolled only three-quarter time, you would have used 75% of your maximum award for that year. Together, you would have received 125% out of the total 600% lifetime limit.

Direct Student Loan Changes

Direct Subsidized loans will not be eligible for an interest subsidy during the six-month grace period. Subsidized loans are loans for which the borrower is not responsible for the interest while the student is enrolled in college on at least a half-time basis, when the loan is in the six-month grace period after the student is no longer enrolled at least half time, or if

the loan is in a deferment status. This provision eliminates the interest subsidy provided during the six-month grace period for subsidized loans for which the first disbursement is made on or after July 1, 2012, and before July 1, 2014. If you receive a subsidized loan during this timeframe, you will be responsible for the interest that accrues while your loan is in the grace period. You do not have to make payments during the grace period (unless you choose to) but the interest will be added (capitalized) to the principal amount of your loan when the grace period ends. This provision does not eliminate the interest subsidy while the borrower is in school or during eligible periods of deferment.

All subsidized loans made to undergraduate students will have a fixed interest rate of 6.8%. Subsidized loans for which the first disbursement is on or after July 1, 2012, will have a 6.8% fixed interest rate. Note: In the President's FY2013 budget request, the Administration has proposed maintaining the interest rate on subsidized loans at the current rate of 3.4% for the 2012-2013 school year.

Graduate and professional students are no longer eligible to receive subsidized loans. Effective for loans made for payment periods that begin on or after July 1, 2012, graduate and professional students are no longer eligible to receive subsidized loans. However, if you are a graduate or professional student, you may still qualify for up to \$20,500 in unsubsidized loans each year.

The U.S. Department of Education can no longer offer borrowers repayment incentives. Effective for loans first disbursed on or after July 1, 2012, the Department of Education is prohibited from offering any repayment incentives to Direct Loan borrowers, except interest rate reductions to borrowers who agree to have payments automatically electronically debited from their bank account).

The student should also provide all requested information promptly, including verification and federal tax forms. A financial aid notification letter will be mailed after the completed file has been reviewed. If offered aid, students should follow the instructions contained in the letter of notification.

When communicating with applicants, the Financial Aid Office will use the address listed on the correspondence received when the student applied or was last registered. If students move, they should change their address promptly at the Office of Admissions and Records.

To remain eligible, a student must be enrolled and be in good academic standing. Students who withdraw from school after the start of the term are liable for repayment of part or all of the funds received during that semester. In addition, to assure that the student remains eligible, the student must notify the Financial Aid Office of changes in enrollment status or program of study.

For additional information concerning types of aid, student eligibility selection, award procedures, etc., contact the Financial Aid Office at Denmark Technical College.

Financial Aid Application Deadlines

Financial Aid application deadlines for each term are as follows:

For This Term	Application is due by
Fall Term	July 1
Spring Term	November 1
Summer Term	April 1

To be considered for campus-based aid, your student aid report must be in the Financial Aid Office **before July 1**, each year.

Financial aid applications may be processed after the posted deadlines; however, students should make arrangements to cover the cost of tuition and books for the first semester of enrollment or until they are officially notified of eligibility status for financial aid.

Students who have questions regarding their financial aid, should always speak with a financial aid counselor. The telephone numbers for the Financial Aid Office are: (803) 793-5180, 793-5129, 793-5161, 793-5181 or 793-5083.

Satisfactory Academic Progress

All students receiving federal student financial aid must adhere to the College's policy on Satisfactory Academic Progress. The intent of this policy is to ensure that students who are receiving financial aid are making measurable progress toward completion of a degree, diploma or certificate program in a reasonable amount of time.

As recipients of federal student Financial Aid, students have certain rights and responsibilities. Failure to fulfill their part of the agreement as described may result in cancellation of the award, and having to repay any funds already received.

The Financial Aid Office will monitor Satisfactory Academic Progress for all students receiving federal financial aid at the end of each payment period (each semester of enrollment) to ensure that they are making progress toward program completion. The standards defining Satisfactory Academic Progress for Denmark Technical College students are outlined as follows:

Satisfactory Academic Progress – Qualitative Standards

In order to remain in good standing, students pursuing a degree, diploma, or certificate who are enrolled in regular curriculum courses, must maintain a minimum credit hour grade-point average (GPA) according to the following scale:

Associate Degree Programs	60-70
Credit Hrs. Earned	Minimum GPA
0-35	1.50
36-50	1.80
51-above	2.00

Diploma Programs	45-53
Credit Hrs. Earned	Minimum GPA
0-26	1.50
27-40	1.80
41-above	2.00

Certificate Programs	17-30
Credit Hrs. Earned	Minimum GPA
1-12	1.50
13-14	1.80
15-above	2.00

Students must progress to a 2.0 GPA at graduation from a degree, diploma or certificate programs.

Students who fail to follow this progression will be placed on Academic Probation I during the next term in which they enroll at the College. If the student does not achieve the minimum required GPA during the probationary period, the student will be placed on Probation 2. Students who fail to make satisfactory progress during the second probationary period, will be placed on Probation 3. If the student does not achieve the minimum required G.P.A. the student will be suspended from the college for one semester. Please note that a probationary student must complete a "Program Course Plan Form" with their academic advisor, enroll in a College Orientation 101 course (Probation I); COL 104-Study Skills (Probation 2) and COL 109-Advanced Academic Study Skills (Probation 3); and attend class on a regular basis. A student on probation must register for no more than 13 credit hours. However, exceptions to the credit hour limit may be approved by the Vice President for Academic Affairs.

Financial Aid recipients, who are placed on academic probation, will be placed on Financial Aid Warning (Probation 1) during the next term in which they enroll at the College. If the student does not achieve the required minimum G.P.A. after the first Financial Aid Warning Term, the student will be placed on Financial Aid Probation which requires a Financial Aid appeal (Probation 2). If the appeal is granted, the student will be eligible for Financial Aid. The student must meet Satisfactory Academic Progress by the end of the Financial Aid Probationary Term or the student will be ineligible for Financial Aid (Probation 3). Before returning, the student must complete a Financial Aid Appeal to regain Financial Aid eligibility.

Satisfactory Academic Progress – Limits for Educational Programs for Title IV Recipients (Quantitative Standards)

The length of time for which a student may receive Title IV funds is based on the length of the program in which the student is enrolled. All Title IV Funds (Pell, Supplemental Educational Opportunity Grants, Direct Loans, and Federal Work Study) are affected by a 150% time limit. Federal regulations state that a student must complete the program of study within a 150% timeframe of the published length of

Fees and Student Aid

the program. Denmark Technical College measures this timeframe by using credit hours. For example, a student whose program consists of 60 credit hours is required to have completed the program in no more than 90 attempted credit hours. All classes registered for are included in the 150% time frame, including the classes for which students receive an F or W. Transitional Studies (remedial) courses are not included in this calculation. A Change of Program Form does not automatically result in recalculation of attempted credit hours. It is in the best interest of the student to contact the Academic Advisor and the Financial Aid Director before changing programs.

Due to limited amount of money and the large number of students in need, typically Denmark Tech does not award federal Supplemental Educational Opportunity Grant (SEOG) and South Carolina Need Based Grant (SCNBG) to students receiving aid from Workforce Investment Act, Employment Security Commissions, VA and/or Vocational Rehabilitation.

In order to complete the program at an appropriate pace, students must complete 67% of the credits that they register for each semester. All courses taken must be applicable toward an eligible program. Completed courses are courses with a grade of A, B or C.

Student Right-to-Know Disclosure

Under the Student Right-to-Know and Campus Security Act of 1990, prospective students, applicants and current DTC students have the right to know the graduation and transfer-out rates of students enrolled at the College. These rates indicate the percentage of students who begin college as a first-time, full-time student during the fall semester and graduate or transfer within prescribed timelines as outlined in the Department of Education Guidelines. This information may be obtained from the Executive Dean of Student Services and Academic Support or Admissions Office at Denmark Technical College P.O. Box 327 Denmark, SC 29042 or by calling (803) 793-5182. Information and statistics concerning campus crime, safety and security policies and procedures are also available and may be obtained from the Denmark Tech Security Office, P.O. Box 327 Denmark, SC 29042 or by calling (803) 793-5173.

Consumer Information

Denmark Technical College administers various types of financial aid to students who demonstrate financial need. The types of financial aid available include grants, loans, scholarships and work-study program. Typically, a student must be enrolled for at least six credit hours or more to be eligible for most financial aid, although limited funds may be available for a few students who attend less than six credit hours. Any student who needs financial assistance must submit a Free Application for Federal Student Aid (FAFSA) to determine eligibility. Application forms should be submitted online at www.fafsa.ed.gov.

Financial aid awards are made equitably without regard to race, color, sex, handicap or national/ethnic origin. Awards are disbursed each semester and are determined on the last day of ADD/Drop and are based on class attendance. If a student does not attend all of his/her classes, the award will be recalculated and based on the student's verified enrollment status.

Academic Regulation

Credit Programs Offered

Denmark Technical College offers a comprehensive instructional program designed to fulfill the occupational, professional, and public service needs of its constituents. Included are technical education and transfer programs. Technical education programs are designed to provide students with the necessary skills to enter the work force in a chosen career field.

Individuals who seek to pursue a career at the technical or paraprofessional level may enroll in a two-year college credit program leading to an Associate Degree. One-year College Credit Diplomas and Technical Certificates are offered for those persons desiring to spend fewer than two years in preparation. Technical certificate programs of various lengths can be chosen by individuals which, depending upon the preparation needed by the individual, allow the student to graduate in one year or less. All occupational programs are designed to prepare students for immediate employment after graduation. Students may be placed in transitional courses as needed to help prepare them for successful completion of the Associate Degree, Diploma, or Certificate, based on test results obtained by ASSET or COMPASS scores.

Work experience options for student program majors are also available via Cooperative Education opportunities. Students can gain valuable job experience in their major or area of study through this structured learning experience. Experiential Learning options are available through the divisional programs. Advisory committees for each program of study assist Denmark Technical College in evaluating and creating sound instructional programs. Advisory committees are made up of civic-minded representatives of business, industry, government, and health agencies.

The courses required to graduate are listed under specific educational programs. Due to rapid technology changes and industrial demands, Denmark Technical College is evaluating and recreating sound instructional programs. The courses required to graduate from any program area are listed under the program title and are identified as General Education, Required Core Subject Areas, Other Hours for Graduation and Electives.

Placement Testing

Each student admitted to Denmark Technical College must take placement tests in Reading, Mathematics, and English. Students participate in a variety of assessments and surveys from admission through post-graduation to ensure high academic standards, effective evaluation of the student's achievement and placement in certain courses, and student's satisfaction with quality of the instructional program.

At Denmark Technical College, the ASSET or COMPASS is administered as a placement examination for Reading, English, and Mathematics to help identify a student's present academic strengths and needs, and how they match up with starting point requirements for the first courses that are a part of a student's program of study. Other diagnostic assessment

tools are available as needed. Students who do not attain an appropriate score on the ASSET or COMPASS are placed in transitional courses for program preparation. Supplemental assistance in the form of academic support laboratories, tutoring, and academic counseling is also available.

Program Entrance Requirements

Admission to specific academic programs requires that applicants have appropriate educational preparation, satisfactory placement scores and all admission requirements completed. Programs specific requirements can be found on the curriculum display for each program.

Course Restrictions

Students who do not meet the minimum ASSET or COMPASS score in writing and English skills must register for Transitional Studies English and may not take any English course beyond the Transitional level or any other English course where writing is a major requirement.

Students who do not meet the minimum ASSET or COMPASS score in mathematics must register for Transitional Studies mathematics and may not take any course in which mathematics skills are a major requirement.

Students who do not meet the minimum ASSET or COMPASS score in reading skills must register for Transitional Studies reading and may not take any course in which reading skills are a major requirement for passing the course.

Students must meet minimum program standards in English, Mathematics, or Reading in order to enroll in credit courses where these skills are required.

Academic Advising

Academic advising at Denmark Technical College is a continuous process starting with the student's identification of a major. The purpose of academic advising is to assist students in planning and pursuing a program of study that will enable them to satisfy the requirements for an associate degree, diploma or certificate. After a student is admitted to a program of study, he or she is assigned a faculty advisor. The advisor is available throughout the period that the student is enrolled in the program to:

1. Assist the student in planning and facilitating a schedule of courses that are appropriate to the program of study;
2. Assist the student in making schedule changes;

Advisors are required to meet with each student advisee a minimum of two times per semester.

Academic Regulation

Students are allowed to change academic advisors with the approval of the Division Dean and the Vice President of Academic Affairs.

Pre-registration

Pre-registration is the formal process for students to meet with their advisors and select courses and schedules. Pre-registration guarantees students' enrollment in a class provided the class meets the College's minimum requirements to be offered.

Registration

Students are required to register for each semester in which they plan to enroll. Registration and payment of fees must be made in accordance with the published instructions. Students are not officially enrolled until they complete all the steps of registration, including payment of fees.

Schedule

A schedule of classes is provided each semester. Students may change their schedules after their original registration through the scheduled Add/Drop period. Denmark Technical College reserves the right to change and/or cancel scheduled courses, times, date, and instructors.

Schedule Changes – Dropping, Withdrawing from Classes

Students who register but never attend class will be dropped from the class rolls. Schedule changes are made only with the consent of a faculty advisor and the Division Dean. A class may not be added after the Add/Drop period ends.

A student who is consistently absent from the scheduled class meetings may be administratively withdrawn from the class by the instructor. Students who wish to withdraw from a course must see their instructor to complete the Withdrawal Form. Students who wish to withdraw from the College should see their Counselor.

Students, who officially withdraw from the College after the Add/Drop period, but before midterm, will receive W grades for their courses. A student, who withdraws from a course after the mid-term date published in the College Catalog, shall receive a grade of WF or WP for that course. All withdrawal information is verified by the appropriate offices (Financial Aid, Business Office, and Admissions and Records).

Classification of Students

To advance from freshman to sophomore standing, a student must have earned a minimum of thirty (30) semester hours with a grade point average of at least 2.0.

Definition of Student Status

The following definitions are used to describe the student's status based upon the number of hours pursued within a given semester:

1. A full-time student is a student enrolled in an associate degree, diploma, or certificate program and registered for 12 or more semester hours.
2. A three-fourth time student is a student enrolled in an associate degree, diploma, or certificate program and registered for 9 to 11 semester hours.
3. A one-half time student is a student enrolled in an associate degree, diploma, or certificate program and registered for 6 to 8 semester hours.

Course Load

The minimum number of semester hours for a student at Denmark Technical College for matriculation as a bona fide full-time student is twelve (12) semester hours. Eighteen (18) semester hours is the maximum. However, additional credit hours may be approved by the Division Dean and the Vice President of Academic Affairs.

Changes in Program of Study

Students who wish to change their program of study should complete a "Request for Change of Program Form" for the new program after discussing the change with the faculty advisor before or during the pre-registration and/or registration process.

The College may drop or change courses, hours, or credits in accordance with institutional capability and as demands change, or according to student interest, or community, or industrial needs.

Independent Study

Denmark Technical College policy provides that students who find themselves with unusual circumstances may be assigned to selected courses on a directed independent study basis so that progress toward successful program completion can be maintained if a course does not appear on the schedule. State policy prohibits the use of independent study to satisfy requirements listed under the "Required Core Subject" section of any curriculum model. Students who wish to enroll in independent study courses must get approval from the Division Dean and the Vice President of Academic Affairs.

Attendance Policy

A student who is absent for more than 25 of the scheduled class meetings each semester cannot receive credit for the course. The instructor retains the right to further limit the number of absences provided it is published in the course syllabus and distributed to all students at the beginning of the term. Absences are classified as excused or unexcused. The guidelines governing each are as follows:

Excused Absences

Excused absences are given when students who have legitimate documentation to verify an absence. Such absences may include, but are not limited to, death in the family,

Academic Regulation

doctor's statements, jury duty, and approved student activities. Excused absences are given by the Counselors after the appropriate documentation is presented. Students with excused absences shall be given the opportunity to make up any work missed as a result of the absence.

Unexcused Absences

Unexcused absences are given when students do not meet the criteria for excused absences. When an absence is regarded as unexcused, the instructor has the option of deciding whether or not to allow a student to make up any work missed during the absence.

Grade Reporting

Grades reports are available to students after midterm and at the end of each semester.

Grading System

Denmark Technical College shall use a grading and grade point system in which the calculation of the student's grade point average (GPA) is based on a 0 to 4 point numerical scale. The grades and numerical values used in the calculation of the GPA are as follows:

A = Excellent... Earns 4.0 Quality Points
B = Above Average... Earns 3.0 Quality Points
C = Average... Earns 2.0 Quality Points
D = Below Average... Earns 1.0 Quality Point
F = Failure... Earns 0.0 Quality Points
WF = Withdrawn Failing... No Credits or Grade Points

Other grade and course symbols authorized for use are as follows:

AU = Audit... No Credit or Grade Points
I = Incomplete... No Credits or Grade Points
W = Withdrawn... No Credits or Grade Points
WP = Withdrawn Passing... No Credits or Grade Points
SC = Satisfactory Completion... Earns Institutional Credits, No Grade Points
S = Satisfactory Progress... No Credits, No Grade Points
U = Unsatisfactory Progress... No Credits or Grade Points
E = Exempt... Earns credits, No Grade Points
TR = Transfer... Earns credits, No Grade Points
CF = Carry Forward... Earns no credit hours, No Grade Points

Grades of W, S, SC, U, CF, AU, TR, and WP and the corresponding credit hours are not included in calculating the GPA. Credits transferred to Denmark Technical College are only used to determine eligibility to graduate. They are not used to calculate the GPA. A cumulative GPA of 2.00 is required for graduation. I and CF grades are temporary and must be replaced by an academic grade. While the I and CF grades and the corresponding credit hours are on the student's permanent record, they are not included in calculating the student's GPA. A student receiving an I grade must complete

the coursework necessary to earn an academic grade by midterm of the following semester or the grade will automatically turn into an F.

A student receiving a CF grade must complete the work necessary to earn a grade by the end of the following semester or the grade will automatically turn into an F. Credits earned in courses numbered less than 100 shall not be creditable towards a certificate, diploma or degree and shall not generate grade points for use in GPA calculations.

The highest grade earned in a course is to be computed in a student's grade point average. However, the student's complete academic records shall be reflected on the transcript.

Students may appeal a grade by acting in accordance with the College's grade appeal procedure.

Grade Point Average

A grade point average will be maintained for each student. To determine GPA, numerical values are assigned to final grades as shown in the following example:

Course	Grade	Credit Attempted	Quality Points Earned	Total Quality Hours Points Per Course
Microeconomics	F	3	0	0
Communication I	B	3	3	9
Introduction to Business	A	3	4	12
College Algebra	C	3	2	6
College Skills	D	3	1	3
TOTAL		15		30
Total Quality Points (divided by) Credits Hours Attempted =				GPA
30 / 15				= 2.00

For an A, 4 quality points are awarded for each semester hour of credit attempted; for a B, 3 quality points; for a C, 2 quality points; for a D, 1 quality point; and for an F, FA or WF no quality points. The grade point average is calculated by multiplying Credit Hours Attempted by the Quality Points Earned for each course grade, summing the Total Quality Points per course, and dividing the sum of the total number of Credit Hours Attempted.

Standards of Academic Progress

In order to remain in good standing, students pursuing a degree, diploma or certificate who are enrolled in curriculum courses must maintain a minimum credit hour grade point average (GPA) according to the following scale:

Credit Hours Earned	Minimum GPA
0-35	1.50
36-50	1.80
51-above	2.00

During the semester students are given a report on their academic progress every two weeks by each instructor. These reports are also available to the advisor, counselor, and the Division Dean for intervention, if necessary.

Transitional Courses

Academic Regulation

Denmark Technical College students enrolled in Transitional Studies courses are given SC grades for satisfactory completion, S grades for satisfactory progress, and U grades for unsatisfactory progress. These grades are not included in the grade point average calculations. According to Title IV regulations, students who do not complete the transitional courses after 30 hours are no longer eligible for financial aid. Contact the Financial Aid Office for further clarification.

Academic Probation and Suspension

Students who fail to maintain a minimum required GPA as specified will be placed on **probation** during the next semester in which they enroll in the College. Students must complete a "Program Course Plan" form with their academic advisor before registering for the next semester. Students must follow the completed Program Course Plan which outlines the courses to be taken. Students **must register for and attend COL 101**. Students who withdraw from or do not attend COL 101 will be administratively withdrawn from the College. Students who do not achieve the required GPA for good standing will be suspended; **however, the student can petition the Vice President of Academic Affairs for reinstatement. If the petition is denied, the suspension may be appealed to the President of the College. The President's decision is final.**

A student on probation and suspension will receive a letter from the Vice President of Academic Affairs explaining the student's status.

Related Policies

1. Students on probation shall not take more than 12 credit hours.
2. Students on probation shall not be a candidate for or serve in any school-wide elective offices or be appointed to any administrative or social committees.
3. A student who has been suspended academically from Denmark Technical College must apply for re-admission.
4. Probation or suspension indicators will appear each semester on the student's grade report and transcript, when applicable.
5. Academic status within a given semester will be changed only if there is a grade change or removal of an I.

Advanced Standing

Denmark Technical College has established policies and procedures which may allow students to enter certain curriculum programs with advanced standing. In many cases, credit may be awarded through transfer or credit from other post-secondary institutions, challenge examinations, the College Level Examination Program, military experience or credit for non-academic achievement, thus giving the student advanced standing. In addition, many of the College's programs have developed articulation agreements with

vocational/technical education centers in the College's service area which also allow for advanced standing. Students interested in advanced standing should furnish appropriate documentation to the Admissions Office. After this information has been reviewed by the appropriate academic department, students will be notified regarding academic credits awarded.

Tri-County Educational Business Alliance

Tri-County Educational Business Alliance, Denmark Technical College, USC-Salkehatchie and area businesses, along with the school districts in Allendale, Bamberg, and Barnwell Counties have formed the Tri-County Educational Business Alliance.

The Alliance programs build bridges between secondary education and post-secondary education to prepare students for careers in technology – teaching student's skills that will be in demand today and tomorrow. With Alliance, students can take applied courses in mathematics, science, and communications, as well as courses in specific technical fields. Upon graduation from high school, students will be prepared to either enter the work place directly or continue their education at a technical college.

Alliance articulation agreements provide an option through which high school students may receive advanced standing in college vocational and technical programs.

For more information about the program, contact the Office of Academic Affairs at (803) 793-5108.

Credit by Examination

A student may earn up to one-third of the semester hour credits required for an associate degree and enter certain curriculum programs with advanced standing through credit-by-examination options. Total credit awarded may come from standardized tests, such as Advanced Placement (AP) or a combination of AP, College-Level Examination Program (CLEP) and/or the Proficiency Examination Program (PEP). Information about these tests are available at the Testing Center.

CLEP

The College-Level Examination Program (CLEP) is a nationally standardized series of tests designed primarily for students who have acquired college-level knowledge outside the classroom. Students may receive college credit for CLEP equivalent courses by making an acceptable score on the CLEP test. A student is normally awarded between two and four semester credit hours for passing a CLEP subject examination. Credit will be awarded when scores are officially recorded.

Credits will be given for the following subjects: Calculus with elementary functions, college algebra, college composition, computers and data processing, educational psychology, elementary computer programming (FORTRAN IV), freshman English, general biology, general chemistry, general psychology, human growth and development,

Academic Regulation

introduction to business law, introduction micro/macro economics, introductory marketing, introductory sociology, money and banking.

Proficiency Examination Program

The Proficiency Examination Program (PEP) is an alternative to obtaining college credit through traditional classroom course work. Students may earn credit for both formal and informal education with PEP. Students demonstrating sufficient knowledge of material covered in a course may elect to earn credit or exempt a course by examination. The student must complete the examination with a passing score of 80 percent to earn credits. PEP examinations will not be given for subject areas when CLEP examinations are available.

Institutional Credit by Examination

Students regularly enrolled or formerly enrolled in the College may obtain credit by examination for courses in which they have had no class attendance or semester standing. However, permission must be obtained from the Dean of the division involved. A grade of not less than C on the examination is necessary to receive credit for the course. Examinations are not permitted in courses in which students have previously enrolled either regularly or as an auditor. Before the examination, applicants must pay the Business Office a \$15 examination fee, and if required, a fee of \$87 per semester hour.* These fees are non-refundable. The Business Office issues a receipt which must be shown to the Dean of the division conducting the examinations. The Division Dean reports the results of the examination to the Office of Admissions and Records. Credits earned under this regulation are recorded as *hours earned*.

*Tuition rate subject to change.

Military Service School Credit

Following enrollment, a student may obtain credit for experience in the Armed Services. In order to receive credit the student must have a DD295 and Certificates of Completion. Students who qualify should contact the Office of Admissions and Records.

Following a review by the Admissions Office, using *A Guide to the Evaluation of Educational Experiences in the Armed Services*, a recommendation for credit is made to the Dean of the student's major area. The final decision as to the credit awarded is made by the Dean of the division in which the student is enrolled.

OTHER ACADEMIC REGULATIONS

Post Secondary Non-Academic Achievement for College Credit

To be eligible to receive post secondary non-academic achievement for college credit, the student should be least 25 years old and have been employed for five years, including at

least two years of full-time work experience related to the specific course content requested for credit. The student may be eligible to receive up to one-third of their course work for an associate degree, diploma or certificate program based on Denmark Technical College's policy concerning the awarding of credit for post secondary non-academic achievement. Contact the Office of the Vice President of Academic Affairs for further information.

Repetition of Course Work

It is the policy of the College that permanent records of students show the actual course work completed. Under no circumstances can a grade be deleted from a student's record. In instances where a course is repeated, only the quality points and credit hours associated with the higher grade will be counted in the calculation of the student's GPA. In the event of identical grades, the quality points and credits of the latest repetition will be included in the calculation of the student's GPA.

Program Completion

Students must complete program curriculum requirements as stated in the Catalog in effect at the time of their enrollment at Denmark Technical College. Students who discontinue their enrollment for a period of one term must complete the program curriculum requirements in the Catalog in effect at the time of their re-entry.

Change of Program

Students who elect to change from one program of study to another must contact their current Division Dean. The student will be referred to the new academic advisor who will determine the student's eligibility for the new program and will complete a Program Change Form. The completed Program Change Form should be returned to the office of Admissions and Records.

Course Substitution

All substitutions of courses required for graduation must be approved by the faculty, Divisional Dean, and Vice President of Academic Affairs. Students must still meet the minimum number of hours required for graduation.

Auditing a Course

A student who desires to attend classes, but does not wish to receive grades or credits, may register to audit the class. The instructor may decide whether or not the student auditing the course may participate in class discussions, assignments, or examinations. An auditor is expected to register and pay appropriate fees. After the Drop/Add period, a student enrolled in a course for audit cannot change to credit and a student enrolled in a course for credit cannot change to audit.

An audited course may be repeated for credit. To receive credit for previously audited courses, the student must register, pay fees, and meet all requirements of the course. Audited courses appear on the transcript.

Academic Regulation

Exemption Procedures

By assessment, students may demonstrate knowledge equivalent to an approved curriculum course due to “life experiences” or other relevant experiences. Any student at the College desiring to exempt a course, should:

1. Meet with the academic advisor.
2. The academic advisor completes the Course Exemption Request Form and submits it to the appropriate Divisional Dean for approval.
3. The student submits the approved form along with the credit hour cost and a \$15 non-refundable fee for each course to the Business Office.
4. The instructor will return the form to the Office of Admissions and Records with a grade attached after assessment.

Placement Test (COMPASS)

The placement test scores are valid for three years after the test date.

Applicants seeking such credits should complete the regular application form and request an official transcript of work from all colleges previously attended. A "Confidentiality Statement" form from each college attended must also be completed. If fewer than 15 hours have been earned on the collegiate level, a complete high school transcript must be submitted. 1. Courses being transferred must cover the competencies of courses being offered by Denmark Technical College.
2. Courses being transferred must have a grade of C or better.
3. Transfer credit will be included in the computation of the student's GPA.

Applicants may apply for advanced standing by being awarded transfer credit when they have earned academic credit from another accredited post-secondary educational institution. New students applying to the college in a transfer status will provide official transcripts from each accredited post-secondary institution for which they are seeking transfer credit. Course work is evaluated individually on the basis of its content and credit hours received. For transfer credit to be awarded, a comparable Denmark Technical College course must exist within the student's curriculum with the course content and credit hours being equivalent as described in the catalog of
